Characteristics of Job Applicants

“Schlumberger looks for applicants who have been taught to think and to express thoughts clearly, who have been taught to respect others and to enjoy working as a member of a team, and who have their horizons broadened by working and living in a diverse college environment.”

Executive lecture at Georgia Tech, 2001, by Euan Baird, chairman, president and chief executive of Schlumberger Ltd. Schlumberger is an international technical service company providing services and products to global commodity businesses, primarily in the oil and gas industry. At the end of 2000, the company had 60,000 employees from 140 countries.

Course Educational Objectives

- Intermediate understanding of terminology and methodologies
- Project work in teams
- Professional presentation, reporting, and influencing skills
- Acceptance and adaptation to change
- Independent learning skills
- Use of computational tools

Course Characteristics
